ABOUT ME

As an experienced developer with a proven track record in the software industry, I specialize in designing and building complex systems using Typescript, React, and Node. I have a strong commitment to learning and growing in my career, as well as the ability to work effectively as part of a team. I am highly versatile and productive, with a talent for quickly adapting to new technologies and working efficiently under pressure.

WORK EXPERIENCE

Feb 2019 - 2023 - SOYMENU
As a Software Developer, I created, design and push to prod an application where restaurants can easily create their own user and set up their restaurantes to have a QR menu for their clients.
Skills: NextJS, SASS, React, TS, API Rest
Founder

Aug 2022 - 2023 - FUEL
As a frontend developer working in FUEL, I have gained valuable knowledge in creating modern solutions that cater to the needs of both creators and users.
Skills: EthersJS · Web3 · Next.js · Vercel · Turborepo · React query · Axios · Mantine.dev · Chakra ui · React.js

Senior Frontend Developer

Jun 2021 - Aug 2022 - SPIRITSWAP
Designed and developed a cutting-edge financial application from scratch, utilizing advanced programming languages and technologies to achieve high performance and user satisfaction. Check it out at https://spiritswap.finance
Skills: EthersJS · Web3 · Chakra ui · React · Redux.js

Frontend Developer

Oct 2018 - Jun 2021 - KUBIKWARE
Full stack web developer at Kubikware, successfully initiating and completing multiple React and Nextjs projects from scratch. Expertise in creating efficient and user-friendly websites using Atomic Design system. Skilled in developing high-quality web applications that meet client needs. Skills: REST · Amazon Web Services (AWS) · PostgreSQL · Express.js · Next.js · Node · React · Redux.js

Full Stack Developer
